**TOWN OF MARCELLUS
LOCAL LAW ____ - 2022**

**A LOCAL LAW AMENDING CHAPTER 235 (“ZONING”) OF THE CODE OF THE
TOWN OF MARCELLUS TO REPEAL CERTAIN PROVISIONS PERTAINING TO
SIGNS AND TO INCLUDE SECTION 235-26.1 (“SIGNS”)**

BE IT ENACTED by the Town Board of the Town of Marcellus as follows:

Section 1. Legislative purpose and intent.

The purpose of this Local Law is to promote and protect the public health, safety and welfare of the Town by regulating existing and proposed signs located within the corporate limits of the Town. It is intended to protect property values, create a more attractive economic and business climate, enhance and protect the physical appearance of the community, preserve the scenic and natural beauty and provide a more enjoyable and pleasing community. It is further intended hereby to reduce distractions and obstructions that may contribute to traffic accidents, reduce hazards that may be caused by signs overhanging or projecting over public rights-of-way, provide more visual open space, and curb the deterioration of the community’s appearance and attractiveness.

This Local Law is intended to promote attractive signs which clearly present the visual message in a manner that is compatible with their surroundings. The appearance, character and quality of a community are affected by the location, size, construction and graphic design of its signs. Therefore, such signs should convey their messages clearly and simply to enhance their surroundings.

Section 2. Authority.

This local law is enacted pursuant to the New York State Constitution and New York Municipal Home Rule Law §10.

**Section 3. REPEALING CERTAIN PROVISIONS OF SECTION 235-4 OF
THE CODE OF TOWN OF MARCELLUS.**

The Code of the Town of Marcellus is hereby amended to abolish certain provisions of Section 235-4 as follows:

So that “Political Sign” provision and “Signs” provision are hereby repealed in their entirety.

**Section 4. REPEALING SECTION 235-26(D) OF THE CODE OF TOWN OF
MARCELLUS.**

The Code of the Town of Marcellus is hereby amended to abolish the sign provisions in Chapter 235-26 as follows:

F. Issuance of sign construction permit. Upon approval of the application by the Code Enforcement Officer, or after a review and approval by the Zoning Board of Appeals, the Code Enforcement Officer shall issue a permit for construction of such sign.

Letter of intent – water quality improvement project
Explanation

New permitting requirements will require MS-4 municipalities to have mapping completed and information collected in one place ultimately.

The requirements to “share of the outputs in the contract work and staff support needed to advance completion of this project” refers to the storm water managers time only as needed.

The Town's annual coalition fees only apply to this project and any grant monies obtained. The municipal partners move towards NYS DEC compliance together paced by available grants only as far as mapping goes.

An example is 4 years ago the CNYRPDB and municipal partners received funding through the same grant application mechanism and the project included the storm water manager assisting trained individuals in locating the Town's catch basins and inventory criteria as pipe characteristics, dimensions and flow path.

My time only will be utilized to provide further support needed to help gather information that is needed or lacking for mapping purposes of storm water outfalls, storm sewer system mapping, storm management practice mapping, municipally owned/operated facilities, sewer shed boundaries or priority areas.

What mapping and how much completion can be accomplished depends on many factors.

John

RE: Letter of Intent - Water Quality Improvement Project
Grant Application- Final Syracuse Urbanized Area
MS4 Mapping Project

Dear NYSDEC WQIP Grants Administrator:

The [TOWN OF MARCELLUS] wishes to express intent to participate in the proposed project, MS4 Mapping Project. It is our understanding that funding for this project is being requested from the NYS Department of Environmental Conservation Non-Agricultural Non-Point Source Pollution Grants Program through the Consolidated Funding Application process.

The [TOWN OF MARCELLUS] is a member of the CNY Stormwater Coalition, which was formally established in 2011 under the direction of the CNY Regional Planning & Development Board (CNY RPDB). Since 2002, the [TOWN OF MARCELLUS] has actively partnered with the CNYRPDB, Onondaga County, and other MS4 operators in the Syracuse Urban Area to achieve coordinated compliance with the requirements of the NY SPDES General Permit for Stormwater Discharges from Municipal Separate Storm Sewer Systems.

Should the proposed project be selected for funding, the [TOWN OF MARCELLUS] intends to provide its share of the outputs in the contract work plan and staff support needed to advance completion of this project.

Sincerely,
